Dear Sir:

In response to the Examiner's telephone conference with the undersigned on July 25, 2001, Applicant submits the following request to reinstate erroneously canceled Claim 56 as follows:

IN THE CLAIMS:

19-56. (Amended) A fuel dispensing method with radio frequency customer identification capabilities for charging a customer for sales transacted by the customer, the method comprising:

91 determining whether a vehicle-mounted transponder containing customer identification data is within a vehicle fueling range of a dispenser, the dispenser requiring activation by the customer to initiate a transaction and including a reader associated therewith for emitting from a first antenna radio frequency signals within the vehicle fueling range, and for receiving customer identification data from the transponder responsive to the emitted radio frequency signals received by the transponder;
